

JIAMING LI

DATA ANALYST / BUSINESS DATA ANALYST

arthur.jiaming.li@gmail.com | linkedin.com/in/arthurjiamingli
github.com/Arthur-LeoAI | Open to international relocation

Applied mathematics and interactive media background. Builds decision models, data pipelines and interactive tools, with commercial experience in European e-commerce operations.

EXPERIENCE

E-commerce Operator Specialist | Triple A internetshops GmbH

May 2026 - Present | Shenzhen, China

Operate Amazon stores across 8 European markets, with approximately 2,000 SKUs per market. Analyze sales, traffic, fees and product data; use Helium 10 for keyword research, competitor analysis and listing optimization.

Data Platform Full-stack Engineer | Sun Yat-sen University

Jan 2026 - Apr 2026 | Shenzhen, China

Built a real-time monitoring platform spanning ingestion, storage and output. Developed time-series pipelines with InfluxDB and MySQL, and interactive dashboards for historical queries and monitoring.

Data Analyst Intern | MaREI

May 2025 - Sep 2025 | Cork, Ireland

Developed MCDA models for scoring, ranking and risk-weighted evaluation. Built Python cleaning and validation pipelines and performed scenario and weight-sensitivity testing.

SELECTED PROJECTS

MCDA Tool | Renewable-energy decision analysis

Python, Pandas and NumPy analysis with a React / Node.js interactive visual analytics interface; explored how criteria and weights affect project rankings.

Drone Monitoring Platform | Time-series data and operational dashboards

Real-time data ingestion, historical queries and interactive monitoring; connects database engineering with usable analytical interfaces.

MoTai | AI-assisted novel generation

Transforms outlines, character settings and plot events into chapters through structured generation workflows and human review.

Connoisseur | Inquiry and procurement prototype

Mock-first MVP focused on customer requests and quote workflows.

EDUCATION

MSc Computer Science (Interactive Media) | University College Cork

Sep 2024 - Mar 2026 | Second Class Honours (2:1), Top 10%

BSc Applied Mathematics (Data Computation & Application)

Taiyuan University of Science and Technology | Jun 2020 - Aug 2024 | Top 10%

SKILLS

Analysis: Python (Pandas, NumPy), SQL, Excel, Power BI, Tableau, MCDA

Development: JavaScript, React, Node.js, HTML, CSS; InfluxDB, MySQL

Business: Amazon Seller Central, Helium 10, e-commerce analysis

Languages: Chinese (native), English (IELTS 6.5)
